### Ultimate Golfing Caddy in time for the holidays

Trinity, FL (Sports Network) - How many times have you dug into your golf bag in search for golf balls, tees, markers or even your car keys after a round? Too many I'm sure.

Well, it's time to accessorize your golf bag with the ultimate organizational product, The Golfing Caddy, a revolutionary, multi-compartment tote that attaches to your golf bag.

Start off with a pleated front pocket with Velcro flapped closure, large enough to hold anything from tees and ball markers to personal items such as jewelry, money and your credit cards.

The back pouch has enough room for your cell phone, glasses, golf balls, gloves or your favorite divot repair tool.

I know there have been times when your cold beverage of choice has spilled while driving in the cart, well now, the center compartment can fit a 24oz. bottle snug into a cooler sleeve.

But that's not all. A metal clip, similar to ones mountain climbers use, is fastened to the side for your car and house keys.

The clincher to this wonderful product is the Microfiber towel that can be removed or left attached for cleaning your golf ball or glasses.

The price is right, just \$19.99, plus shipping and handling.
